Maestro^{II}

SOME PEOPLE HANG ART ON WALLS.
WE THOUGHT WE WOULD DO THE SAME.

Maestro II is the world's most versatile wall-mounted digital jukebox, featuring the best music selection on the market, unparalleled sound quality, a colorful touch-screen and a programmed LED light display that makes it a true work of art.

Maestro II gives your end user thousands of songs to choose from and gives you instant access to a gazillion additional selections through Tune Central. Managing your music has never been easier. You control your system, your songs, even your sales, quickly and easily with Maestro II and Operator Dashboard.
